

College of Medicine and Healing Arts

Thank you for your valued enquiry | www.CoMHA.org.uk/Diploma

The revival of **Tibb**, Islamic medicine (in its various aspects known as Prophetic, Unani, etc.), is growing **worldwide** because of people **like yourself** seeking out this **wisdom-based** tradition. We congratulate you for seeking **authentic knowledge**.

The **post-modern lifestyle** which the majority of people fall into, leads to **poor health, lessens productivity, and negatively impacts relationships and spirituality**. National healthcare services are in **growing crises**. Modern diseases are causing **millions of deaths yearly**, as well as **preventable suffering**.

From the **Tibb** perspective, true health is the result of **human beings** living in a state of **Sihhah**, complete wellness, and **I'tidal**, balance, by returning to **Fitrah**, natural order. This is our aim for our **learners** as well as their **future patients and clients**.

Since 1978, we have been in dedicated service to this **living tradition**. The College offers a **9-Day Foundation in Tibb** which is open to all. This essential foundation serves as the starting point for our **Diploma in Herbal & Naturopathic Medicine (Unani Tibb)** as well as our **Diploma in Psychotherapy & Counselling (Nafsiyat)**.

Our programmes and trainings are some of the **most trusted and respected**, created and facilitated by an **authentic Hakim** (senior Tibb physician and teacher), in practise since **1978**. We are fortunate to have a growing number of **learners, students, graduates, supporters, colleagues, and friends**.

We offer you the opportunity to **apply as a student**, and journey with many other sincere seekers from diverse backgrounds. **We look forward to your application**.
